

Get Social!

Put your brand in the middle of the conversation

Growing your social community is critical in today's Internet connected business world.

With iQ social media business services, you can have a Facebook fan page that looks and functions exactly the way you want it to. Custom, branded landing pages, fan-gated pages and other rich brand experiences can exist right within the Facebook environment.

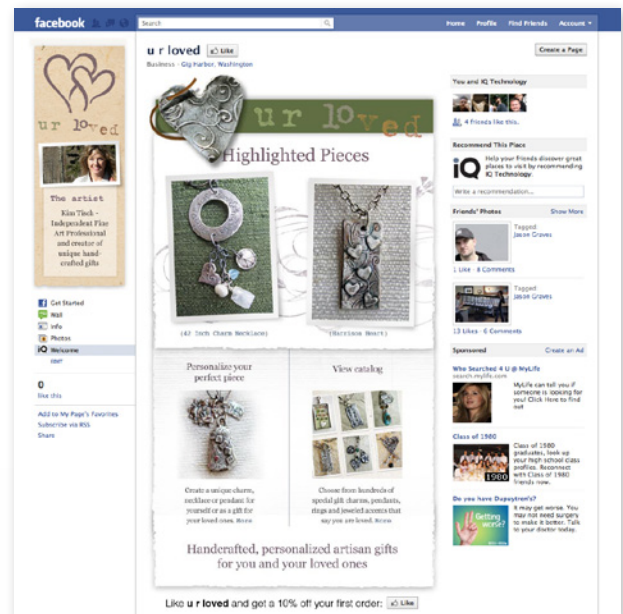

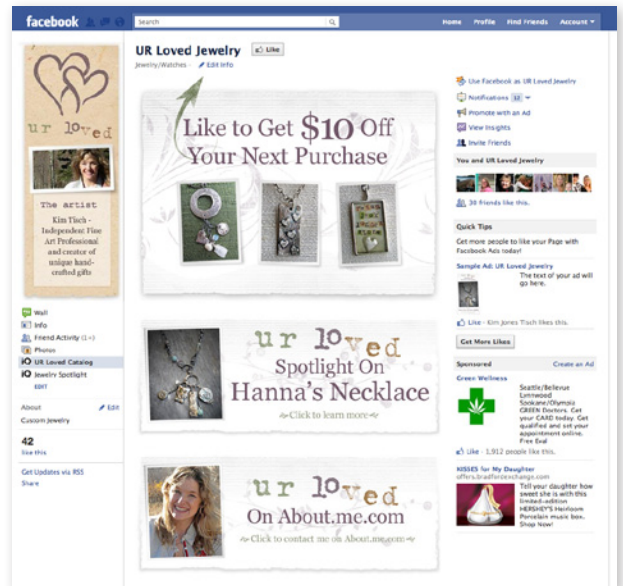

With the iQ Page Builder, you can:

- Easily manage your content, making changes at your convenience
- Fully customize the look and feel
- Produce and publish fan-gated content
- Provide fan-only offers to increase fan base
- Engage fans and users with rich media
- Introduce new or upcoming products
- Post promotions and coupons
- Track how fans and users are interacting with your custom pages

Our design services compliment our tools and make for a winning combination. If you want a full-service turn-key solution provider for your social media needs—look to iQ Technology. Our custom design and development services can help you establish professionally designed Facebook pages that turn users into advocates of your brand. Services include:

- Custom Design
- Templates
- Page Monitoring
- Localization
- Commerce Transactions
- Facebook Ad Management
- Facebook Applications
